

SKILLS, KNOWLEDGE, SUCCESS

Adult Learning Center

Thomas Clayton Lawrence, known to his friends as “TC”, has been a resident at Our House for 6 months. He is an ideal resident—working as a job trainee, offering a smile to everyone he sees and succeeding in his savings plan. He enrolled at the Learning Center in late April and is shown below holding his Career Readiness Certificate. He has landed an interview with LM Glasfiber—a company which requires all potential applicants to have this certificate. The company makes windmills and offers a very nice starting salary.

Congratulations, TC!

Claudette VanPelt poses with her Money Management Certificate from BEST Credit Services, Inc. She has been enrolled in the Learning Center since late May working on completing her GED with hopes of pursuing a college education.

The Learning Center at Our House offers over 20 different courses that provide students with the resources to be successful in the workplace, the community, and their own families. Courses include: Microsoft Word 2007, Microsoft Excel 2007, Microsoft Outlook, Introduction to Internet and Email, Basic Literacy, Communication for the Workplace, Financial Literacy, and Parenting.

The Learning Center is a licensed provider of adult and workforce education and is recognized by the Arkansas State Board of Private Career Education. The Learning Center is open to the public.

Courses target:

- Computer Skills
- Workforce Development
- Basic Education
- Family and Life Skills
